## Resolutions and Rulings of Continuing Effect

This list is compiled and updated annually by the World Science Fiction Society (WSFS) Nitpicking and Flyspecking Committee, as required by Standing Rule 7.7(1). The committee uses a definition of “likely to continue to have effect for more than a year” as “continuing.” If a ruling of the chair was appealed and sustained or reversed, it is so noted with the ruling. Abbreviations used are as follows:

- BM** – Resolution of the WSFS Business Meeting
- CH** – Ruling of the WSFS Business Meeting Chair
- NCH** – Ruling of the NASFiC Business Meeting Chair
- RRoCE**—Resolutions and Rulings of Continuing Effect

## 2023 WSFS Business Meeting, Chengdu, China (中国四川成都)

### 81st World Science Fiction Convention, Chengdu Worldcon

Donald E. Eastlake III, Luo Yanli (罗妍莉), Presiding Officer

Kevin Standlee, Deputy Presiding Officer & Videographer

Ann Marie Rudolph, Huang Yiyang (黄亦杨), Secretary

Linda Deneroff, Assistant Secretary

Yang Xiaoliao (杨小嫖), Timekeeper

Yao Xue (姚雪), Zhou Bo (周博), Floor Manager

#### CH-2023-01

The Presiding Officer ruled that, with the ratification of the “Game or Interactive Work” Constitutional amendment, a “Choose Your Own Adventure” or similar written work where the plot is determined by reader input is no longer eligible in the written work categories.

#### CH-2023-02

The Presiding Officer ruled that the order of fields to be filled in by the voter on site selection ballots is not constrained by the order in which such fields are cited in the Constitution.

#### CH-2023-03

The Presiding Officer ruled that a site selection ballot would still be valid if a field to be filled in by the voter was left blank because it was meaningless for that voter, for example a “city” field for a voter that did not reside in a municipality.

#### CH-2023-04

The Presiding Officer ruled that the addition of a sunset clause to a Constitutional amendment at ratification time makes the amendment a lesser change than it would be without the sunset clause and thus does not interfere with ratification.

#### CH-2023-05

The Presiding Officer ruled that it was out of order to say another member of the assembly is speaking in bad faith.

#### CH-2023-06

The Presiding Officer admonished a member for describing as “sneakily” the use of procedures permitted under the rules.

## **2023 NASFiC Business Meeting, Winnipeg, Manitoba Pemmi-Con**

Kevin Standlee, Presiding Officer  
Martin Payne, Secretary  
Lisa Hayes, Videographer

### **NCH-2023-01**

The Chair ruled that for the purposes of determining a quorum, “members of the society present” meant those natural persons who were members of the administering NASFiC who had a membership that included the right to be present at the site and participate in WSFS affairs on the day of the meeting.

### **NCH-2023-02**

A Preliminary Business Meeting is not required at a NASFiC Business Meeting because the only business the meeting can consider is Site Selection business.

### **NCH-2023-03**

Members watching the meeting remotely cannot be considered as attending for the purposes of determining a quorum, nor could they make motions or vote; however, they could ask questions during Question Time for the newly-seated NASFiC.

## **2022 WSFS Business Meeting, Chicago, Illinois 80<sup>th</sup> World Science Fiction Convention, Chicon 8**

Jesi Lipp, Deputy Presiding Officer  
Linda Deneroff, Secretary  
Todd Dashoff, Timekeeper  
Lisa Hayes, Videographer  
Kevin Standlee, Assistant Videographer  
Martin Pyne, Floor Manager

### **CH-2022-01**

The Presiding Officer ruled that a resolution of the business meeting expressing solidarity with fans in conflict areas or war zones was not *ultra vires* as it dealt with fans. (Appealed and sustained)

### **CH-2022-02**

The Presiding Officer ruled that a resolution of the business meeting expressing an opinion on a Worldcon committee’s Guest of Honor selection was not in violation of Section 1.6 of the Constitution in that expressing an opinion or requesting a change in the selection did not constitute taking “authority and responsibility” for matters resting with the Worldcon committee. (Appealed and sustained)

**BM-2021-01**

It is the sense of the WSFS Business Meeting that any site selection ballot that does not contain a Membership Number, Name, Signature, and Address that meets the country of origin's requirements should be counted as "No Preference."

**CH-2021-01**

The Presiding Officer ruled that a motion to amend a motion is not a speech against the motion. (Appealed and sustained.)

**CH-2019-01**

The Presiding Officer ruled that there is nothing in the Standing Rules, Rules of Continuing Effect or Constitution that disallows handouts. There is nothing that makes them debate and, therefore, they are not subject to the rules governing debate. (Appealed and sustained.)

**CH-2018-01**

A motion to Suspend the Rules and make a Standing Rule amendment effective immediately was ruled out of order because the effect of doing so would have been to move a deadline applicable to the current Business Meeting into the past.

**CH-2018-02**

A motion made at the Preliminary Business Meeting (PBM) to Suspend the Rules and Refer a constitutional amendment to a committee to report to the following year's Worldcon Business Meeting was ruled out of order because doing so would infringe upon the rights of absentees who would reasonably expect that the PBM could kill motions for the current Worldcon, but not refer them to the following Worldcon's Business Meeting. (Appealed and sustained)

**CH-2018-03**

A motion to direct the Mark Protection Committee to take an action not directly related to the protection or registration of a WSFS service mark or other intellectual property was ruled out of order.

#### **BM-2017-01**

Since the rights of Attending Members are explicitly defined (per Constitution subsection 1.5.3) in relation to those of Supporting Members, Supporting members can have no lesser rights to generally distributed publications than Attending members.

The right of Supporting Members to receive all generally distributed publications (Constitution subsection 1.5.2) must therefore be interpreted as including the same format options (e.g., physical or electronic copy) as are offered to Attending members.

“Generally distributed publications” should as a minimum be considered to include Progress Reports and the Souvenir Program Book.

All Members should be able to explicitly specify their preference for receiving printed or electronic pre-con publications (e.g., Progress Reports), in the event that these publications are offered in both formats

Supporting Members should be able to explicitly specify their preference for receiving a printed Souvenir Program Book

Worldcons may charge additional fees to Members who choose to receive printed publications, to recover the associated costs. Any such fees should be clearly set out as part of the convention’s bid filing.

#### **CH-2017-01**

A ruling by the Chair that the convention program guide (pocket program) is one of the printed publications (i.e., “generally distributed publications” in Constitution subsection 1.5.2) was overturned by the meeting.

**CH-2016-01**

The Presiding Officer ruled that under the “Nominee Diversity” Hugo Award amendment, we will only tell nominees that multiple works of theirs have been named as finalists, but we won’t tell them that other works of theirs will pop up if they withdraw something.

**BM-2016-01**

The Business Meeting approved a resolution that the best way to achieve delaying ratification of a proposed amendment would be to <sup>1</sup>

- (a) pass a greater amendment to the item awaiting ratification, if appropriate, or
- (b) add a pair of sunrise and sunset clauses prior to ratification.

These would take the form:

*Provided that this amendment shall not come into effect until the close of the 20XX Business Meeting, and*

*Provided that unless this amendment is re-ratified by the 20XX Business Meeting, this amendment shall be repealed, and*

*Provided, further, that the question of re-ratification shall be automatically placed on the agenda of the 20XX Business Meeting, with any constitutional amendments awaiting ratification.*

The information required to be released regarding the Hugo Award vote tallies defined in the Constitution is a minimum, not a maximum, and the Worldcon Committee and Hugo Administration Subcommittee appointed by that committee

may, at their sole discretion, release more information than is required by the Constitution. (Appealed and sustained.)

**CH-2015-02**

When the version of a Constitutional amendment pending ratification appearing in the meeting agenda differs from the version certified by the previous year's Business Meeting officers, the version certified by the previous year's officers takes precedence. (Appealed and sustained.)

**CH-2015-03**

WSFS Constitution subsection 1.5.8 (prohibiting Worldcons from selling memberships with WSFS voting rights for less than the cost of a Supporting membership) has no effect on CH-1990-01 ("there are no age limits on membership in the society"). While a Worldcon may establish discounted memberships that do not include WSFS voting rights, any person of any age holding a class of membership that includes voting rights may exercise those rights.

**CH-2015-04**

A proposal that would have referred to "the Hugo Subcommittee" was ruled out of order on the grounds that while the Constitution allows the Worldcon Committee to create a Hugo Administration Subcommittee and irrevocably delegate the authority to administer that year's Hugo Awards to that Subcommittee, the Constitution does not require the Worldcon Committee to do so, and therefore any rules relating to actions of a Hugo Administration Subcommittee must be phrased as addressing the Worldcon Committee responsible for those Hugo Awards.

The WSFS Business Meeting of the 72nd World Science Fiction Convention recommends that the Mark Protection Committee establish a Worldcon Intellectual Property Trust ("WIPT") to act as a legal entity for holding title to WSFS's service marks, such entity to be under the control of the Mark Protection Committee.<sup>2</sup>

---

<sup>2</sup> The MPC subsequently formed Worldcon Intellectual Property (WIP), a California non-profit, tax-exempt 501(c)(3) charitable corporation, for this purpose. The word "trust" has a specific legal meaning and cannot be used in a corporate name for this purpose.

In administering Constitution Section 6.5 (Run-off), a ballot should be counted if it has a vote for either the tentative winner or the run-off candidate or for both.

**BM-2013-02**

The WSFS Business Meeting of the 71st World Science Fiction Convention endorses the activities of the Worldcon Heritage Organization, a non-profit corporation, in its purposes of acquiring, maintaining, storing, and displaying items of interest to the World Science Fiction Society as being for the benefit of WSFS as a whole, and encourages Worldcon committees with surplus to donate some of that surplus to the Worldcon Heritage Organization.

**BM-2011-01**

The Mark Protection Committee may not adopt membership eligibility requirements for itself or any of its subcommittees that are more stringent than those imposed by the WSFS Constitution.

**CH-2011-01**

The Chair ruled a resolution imposing a restriction upon the Mark Protection Committee and ordering the Mark Protection Committee to rescind a resolution regarding the committee's subcommittees was out of order on the grounds that "a single BM does not have the authority to countermand the MPC's complete authority under the WSFS Constitution to determine and select its officers and agents." This ruling was appealed and overturned, and the resolution (BM-2011-01) was adopted.

**CH-2009-01**

In response to the question, “How broadly does WSFS define ‘works originally published outside the U.S.?’,” the Chair replied that this is left to the Hugo Administrators.

**CH-2009-02**

While an Objection to Consideration was pending, a member asked the Chair a technical question about the effect of a proposal. The Chair declined to answer the technical question because an OTC must be resolved without debate or discussion of any sort on the underlying proposal.

**CH-2009-03, *Obsoleted.*****CH-2009-04**

A constitutional amendment was proposed that would have postponed the effective date of the amendment until three years following its ratification but would also require the business meeting three years hence re-ratify the amendment. This was ruled to be in order as it was adding a special provision to the amendment, consistent with other amendments that have special delayed-action provisions or requirements for a subsequent Business Meeting to revisit the proposal. The chair further ruled that if the subsequent Business Meeting wanted to make changes to an amendment with such a “Sword of Damocles” provision, only changes that narrowed the original proposal’s scope would be permissible.

**CH-2009-05**

A constitutional amendment was adopted that included a provision that it would automatically “sunset” unless re-ratified in a specific future year. The Chair ruled that re-ratification of the amendment would not be automatically on the agenda of that future Business Meeting, although any member could make such a motion.

**BM-2009-01**

WSFS convention committees (Worldcons and NASFiCs) are encouraged to be more proactive in marketing their conventions, including having a prominent and positive presence at Dragon\*Con, Comic-Con International, and other major events of a similar nature such as the Chicago and New York Comic Cons; and for non-North American Worldcons, similar events where there is potential to attract new book readers to Worldcon.

WSFS convention committees are encouraged to market their conventions to younger book readers who may not be aware of the existence of their conventions by organizing book giveaways and other targeted marketing within their local area.

**BM-2009-02**

The Business Meeting recommends that future WSFS conventions sell discounted memberships to younger persons.

#### **CH-2007-02**

If a Worldcon has a reportable surplus and transfers that surplus to another committee within the same corporate entity, the committee receiving the transfer must continue to report on this surplus as part of the committee's Constitution Section 2.9 (Financial Reports) obligation.

#### **BM-2007-01**

The Business Meeting instructed the Nitpicking & Flyspecking Committee to remind all seated Worldcon committees at regular intervals of the existence of the Long List Committee and of a standard list of past Worldcons and Hugo Awards, and that

Short videos published on internet sites such as youtube.com are valid means of “presenting” or publishing a work as defined in the WSFS Constitution.

#### **CH-2006-02**

The motion for the Previous Question is in order after debate time expires, on the grounds that it has an effect beyond that of ending debate (it shuts off the making of lower-ranking subsidiary motions), and that the intent of Standing Rule 5.6 [originally 5.5] is to avoid wasting debate time, not to prohibit a motion that shuts off subsidiary motions.

#### **CH-2006-03**

A provision of a constitutional amendment that allows for the amendment’s repeal in a single year under limited circumstances is in order. Adding such a provision to a constitutional amendment at the ratification stage is in order and does not constitute an increase in the amendment’s scope.

#### **CH-2006-04**

A resolution taking a stance on the decision to “demote” Pluto from the list of “true planets” was ruled to be in order. A point of order that the motion was *ultra vires* was referred to the assembly by the Chair and ruled not well taken by a vote of the meeting.

#### **BM-2006-01**

The Business Meeting requests that future Worldcon Committees encourage persons casting Hugo Award nominating ballots for Best Professional Artist be more proactive in citing current work by the nominated artists by doing the following:

1. Include sufficient space on the Hugo Nominating Ballot for Best Professional Artist for a nominator to submit at least one reference to a work by each nominated artist. Failure to provide such references shall not invalidate a nomination.

2. When the Worldcon Committee notifies nominees of their nomination, request that each artist provide references to three (3) or more pieces of artwork that the nominated artist believes best represents his or her work first published that year, along with permission to cite those works on the convention's web site and/or final Award ballot. Failure to provide such references or permission shall not invalidate a nomination.
3. Make references to such pieces cited in item (2) above available on the convention's web site and/or on the final Award ballot. Failure to provide such references shall not invalidate the final Award ballot.

**BM-2001-01**

*Resolved*, The NP&FSC is directed to remind each future Worldcon, early and often, that the WSFS Business Meeting believes that membership badges should be readable, with members' names printed in no less than 24-point type.

**BM-2001-02**

*Resolved*, to establish a committee to study the history of Worldcons and to produce a standard list of Worldcon and Hugo Award historical information, with Bruce Pelz as chair, and the chair authorized to appoint additional members.<sup>4</sup>

**CH-2001-01**

The Chair ruled that the Business Meeting could create standing committees *of the Business Meeting* by standing rule but could create standing committees of WSFS only by constitutional amendment.

**CH-2001-02**

The Chair ruled that it is right and proper for the Business Meeting to ask to know how excess funds remaining after a Worldcon are disbursed. It is not sufficient for the Worldcon to simply report that the funds have been transferred to another body for disbursement.

**CH-2001-03**

The Chairman ruled that the Standing Rules can only cover the conduct of the Business Meeting and may not be used to impose requirements upon Worldcons.

---

<sup>4</sup> This led to the establishment of the Long List Committee.

*Resolved*, that the proper formatting of the WSFS Constitution is as follows:

1. The WSFS Constitution is divided into a number of Articles, which are numbered in Arabic numerals, thus: 1, 2, 3, 4, . . . .
2. Each Article is divided into a number of Sections, which are numbered with their Article and Section number in Legal format in Arabic numerals, thus: 1.1, 1.2, . . . . Each Section has a title relevant to its contents.
3. Each Section may be divided into subsections, which are numbered with their Article, Section and subsection number in Legal format in Arabic numerals, thus: 1.5.1, 1.5.2, . . . . Subsections do not have titles.
4. Enumerated lists of items are numbered with their sequence number in Arabic numerals enclosed in parentheses, thus: (1), (2), . . . .
5. Constitution Sections should be arranged in approximately chronological order within articles, as should subsections within Sections, and items within lists.

#### **BM-2000-02**

*Resolved*, to encourage Worldcons who tape their sessions to make copies available to the Worldcon history exhibit.

#### **CH-2000-01**

The Chairman ruled that the definition of a "signature" (as per the Hugo voting rules) was a matter for individual Hugo Award committees.

It is the sense of WSFS that it is inappropriate for a Worldcon Committee to gather additional demographic data on the site-selection and/or the Hugo Award ballots

beyond that which is required by the WSFS Constitution, or useful for the efficient administration of the balloting.

**CH-1995-01**

Balloting is necessary, unless the rules are suspended, even if the number of Mark Protection Committee nominees is the same as the number of seats to fill, since write-ins are allowed.

**CH-1995-02**

It is out of order, unless the rules are suspended, to change an existing working group to a committee.<sup>5</sup>

(3) T-shirts produced for a Worldcon by an outside vendor would be commercial use.

**CH-1991-02**

After a tie vote which did not include the podium staff, an attempt was made to add the podium staff votes. A point of order was raised that all who wish to vote must do so at the same time (except that the chair should generally refrain from voting but may then add their single vote if it affects the outcome). This point of order was found to be well taken.

### CH-1983-01

A Constitutional amendment was up for ratification which divided a Hugo category into two new categories. A motion was made to delete one of the new categories. The chair ruled that this was permissible at the ratification stage and that further ratification the following year would not be needed if the change were adopted. The ruling of the chair was appealed, and the assembly overruled the chair, deciding that such a deletion was out of order at the ratification stage in this case.

### CH-1983-02

A Constitutional amendment up for ratification was reworded with more neutral language but with no change in meaning. A point of order was raised that this would require it to be ratified again in changed from the following year. The chair ruled this point of order was not well taken.

### BM-1982-01

*Whereas* recent Worldcons have had, and future Worldcons can expect to have, significant excess funds following the close of the convention;

*And whereas* there has been considerable debate and discussion in the past about the appropriate uses for these funds;

*And whereas* there are many organizations that would be worthy recipients of such funds;

*And whereas* it is difficult to choose which of the many worthy organizations should receive said funds;

*Be it resolved that* the following organizations are considered by the World Science Fiction Society to be among those worthy to receive donations:<sup>13</sup>

- a. recognized fan charities, such as TAFF, DUFF, GUFF, TOFF and the FAAn Awards;
- b. established national fan organizations, such as the NFFF and the Fantasy Artists Network;

---

<sup>13</sup> This motion as originally proposed also listed "Small, established regional conventions;" "Established local fan organizations, especially IRS code 501(c)3-recognized not-for-profit organizations;" and "Local public libraries, for improvements to their science fiction collections;". These were specifically deleted from the list of acceptable recipients by vote of the Business Meeting.

- c. PBS, NPR, and their local affiliates, for the production and/or sponsorship of science fiction programming; and
- d. future Worldcon committees.

**CH-1982-01, *Obsoleted.***

**CH-1982-02**

The chair ruled that when the procedure of filling a blank is used to determine debate time limits at a Business Meeting, voting should start with the longest time period and proceed to shorter time periods until one obtains a majority.

**CH-1982-03**

The chair ruled that the opinions of the Business Meeting chair as to the meaning of Hugo category definitions are not binding on future Worldcons.

**CH-1982-04**

A motion was introduced that would direct future Worldcons supervising site selection to disqualify any bid that used hotels from a particular chain as the main convention hotel until certain conditions were met. The chair ruled the motion out of order on the grounds that requirements for bidding are specified in the WSFS Constitution and additional criteria cannot be imposed without amending the Constitution.

**CH-1982-05**

A motion to amend the Standing Rules to impose additional criteria for NASFIC bidders to appear on the ballot was ruled out of order by the chair on the grounds that bidding criteria are specified by the Constitution and any additional criteria can only be imposed by Constitutional amendment. (The ruling of the chair was appealed, and the chair was sustained by vote of the assembly.)

**CH-1982-06**

The chair ruled that actual personal signatures are not required on motions submitted in writing as long as the makers of the motion are identified.

**CH-1982-07**

The chair ruled that “generally available” publication means you can get it if you want it, not that there have to be copies for everyone who *might* want it.

**NOTE-1980-01**

1980 was the first Business Meeting at which a special committee to register and protect the WSFS marks was created. This committee was continued from year to year until a constitutional amendment was adopted in 1982 and ratified in 1983 giving these duties to the Standing Committee. The composition of the Standing Committee was identical to that of the Board of Directors in a new Constitution being considered in those years (see note after BM-1978-01). A further constitutional amendment passed in 1985 and ratified in 1986 changed the name of the committee to the Mark Registration and Protection Committee. A further amendment passed in 1990 and ratified in 1991 simplified the name to the Mark Protection Committee.

**CH-1980-01, *Obsoleted.***

**CH-1980-02**

The chair ruled that in the case of the adoption of an entire new Constitution for WSFS, general amendments would be in order at the time of ratification.

**CH-1980-03, *Obsoleted.***

**CH-1980-04**

A motion was introduced to authorize a named individual to select and publish a series of “retrospective Hugos” for the years 1926 through 1951. A point of order was raised that, in light of the WSFS Constitution provisions prohibiting extending the *name* to any award other than that awarded by the mechanism provided in the Constitution, this would require a Constitutional amendment. The chair ruled that this point of order was well taken.

**CH-1980-05**

The chair ruled that allegations of misconduct involving a non-Hugo award administered by a Worldcon are not WSFS Business. (The ruling of the chair was appealed, and the chair was sustained by a vote of 20-1.)

**BM-1978-01**

A permanent body, the World Science Fiction Society, Incorporated (WSFS, Inc.) should be established, independent of any Worldcon Committee, whose members will be the members of the current and upcoming Worldcons. The Board of Directors of WSFS, Inc. should be selected by the members of the Society and by current and recent Worldcon Committees.

WSFS, Inc. should be responsible for the administering of voting for selection of the Hugos and the sites of future Worldcons. No change should be made in either Hugos or site selection as a result of the establishment of WSFS, Inc. except as necessary to administer the voting.

In cases of a Worldcon Committee becoming unable to properly manage its designated Convention, either because of internal collapse or misconduct, then, after investigations and due process, the Board of Directors should have the right to remove the name "World Science Fiction Convention" and the awarding of the Hugos, site selection and the holding of the Society's Business Meeting from the control of the guilty Committee and to award them to another responsible group.

**NOTE-1978-01**

As initially passed, this resolution also continued a WSFS Constitution Drafting Committee that had been set up even earlier. This committee existed for a number of years, being chaired by various fans at various times. Ultimately it came up with a full Draft Constitution, a large part of which were debated and perfected at a WSFS Business Meeting. Finally, at the 1983 (??1982) WSFS Business Meeting, a report of the committee was received and the committee dismissed with thanks but no further steps were taken to perfect or adopt the new Constitution. While no steps are being taken to put the above resolution into effect, nothing has ever been done to repeal or contradict it either.

**NOTE-1978-02**

At the 1988 Business Meeting a motion to repeal resolution BM-1978-1 was introduced and defeated.

**NOTE-1978-03**

The 1978 Business Meeting was the one at which the first set of permanent Standing Rules for the Governance of the WSFS Business Meeting, as provided in the Constitution, were adopted.

#### **NOTE-1976-01**

Minutes are not available for the 1976 Business Meeting. The below items are based on notes made by Bob Hillis after consultation with Larry Smith.

#### **NOTE-1976-02**

This Business Meeting adopted a set of Standing Rules, asserting its authority over its own procedures, but these were not yet provided for in the Constitution.

#### **CH-1976-01**

Immediately after calling the meeting to order, the Presiding Officer asked for and received a unanimous vote to the effect that the Constitution printed in program book was invalid and that a document distributed to the Business Meeting was the valid current Constitution with a set of pending amendments as passed in 1975 at Aussiecon. (A minor correction was later made, after researching the original language passed in 1972 at LACon I, in the wording of the separate eligibility of the English language translation of a work originally published in a language other than English.)

#### **NOTE-1976-03**

Previous practice was to incorporate all changes in the text of the Constitution with the understanding that the change was not binding on the next Worldcon unless it wished to observe this. Considerable confusion resulted. In addition, there had been attempts to adopt major changes at DisCon II in 1974 and Aussiecon in 1975 while bypassing the one-year delay. Bill Brown had ruled that changes made at DisCon II needed to be ratified but changes at Aussiecon went into effect immediately.

## **CH-1976-02**

The chair ruled that amendments could be offered to constitutional amendments pending ratification provided that the proposed change would constitute a lesser change from the existing Constitution than the original language passed the previous year.

- The Hugo categories are limited to 10, but category definitions are left to the discretion of the responsible Convention Committee.
- The Rotation Plan is stabilized by regularizing the custom of holding a noncompetitive Continental Con<sup>14</sup> in North America during years when the Worldcon goes overseas.
- A mail ballot referendum system for amending the Constitution is set up.
